Extraction Pricing

Extractions are only ever performed if the diseased tooth cannot be saved and the patient would benefit if the diseased tooth is extracted. Extraction pricing varies on how difficult the extraction will be. This cannot be determined until the patient is under anesthesia and Dr. Brandy can get a closer look at the teeth. Extractions are an additional cost and will be discussed at the time of the dental cleaning.

Antibiotics

Antibiotics are not always sent home with the patient; however, if Dr. Brandy sees that the patient would benefit from antibiotics due to the condition of the oral cavity, there will be an additional charge- you will be informed before medication is dispensed.

Essential Pain Management Package (EPM) \$60

If any extractions are performed it is highly recommended that the patient receives the pain management package. The EPM package includes a 24 hour pain injection at the time of the dental and 5 days of pain medication to go home with the patient.

Barkin' Wellness Waggin' Price List of Most Common Visits

Euthanasia Pricing

Because we know how hard it is to make this difficult decision, all traveling costs and injections are included in the euthanasia cost.

Cat or Dog Euthanasia only (home burial) \$225

Cat or Dog Euthanasia with no ashes back \$275

Cat or Dog Euthanasia with no ashes back with clay paw print \$310

Cat or Dog Clay Paw Print add'l \$35

Cat or Dog Euthanasia with ashes returned varies upon weight of animal and which urn is selected (call for pricing).

Discounts

All the wellness packages are already priced below the A La Carte menu- take advantage of the savings!

20% Discount off Exam and Travel Fee Price Only (up to \$14 off) to all Military, Active First Responders, and Senior Citizen's (62&older), (ID required)
